MOVEMENT (2020-2021)

WINGS (2021-2022)

It was not easy, due to the numerous restrictions due to Covid-19.

Last year we made a video-performance entitled “Movement”.

Movimiento

2021-2022

- This year we have proposed another creation, from the same idea that last year: the idea that our individual movements influence the global movements.

-
- It's a choreography based on a workshop given by the dancer Sonia Murillo. We have called it "Wings". We have proposed a group choreography, with colored threads and other materials, with emphasizes the importance of acting.
